TURKEY

EFE

Blue Label Raki 45% Grape Neutral Spirits with anise added 750 ml

Taste the difference in the authentic recipe of Efe Raki brought to you by the Raki experts. Double-distilled grape alcohol is re-distilled in pot-stills with aniseed to give Efe Raki its distinct taste and flavor. The smoothness and rich flavor of Efe Raki will surprise you. Enjoy Efe Raki by adding water and ice or simply chilled over ice.

Green Label Raki 45% Grape Neutral Spirits distilled with anise seeds 750 ml

This new Raki from Efe has a remarkable smooth flavor. According to Efe's special distillation recipe, immediately after the harvest, only Sultana and Razaki fresh grapes of the Aegean Region are Double-distilled and then re-distilled in pot stills with specially selected aniseed. Efe Raki of Fresh Grapes is rated as top quality by the experts for its rich aftertaste and smoothness on the palate.

Black Label Raki 47% Triple distilled with 100% grape alcohol and spring water from the Bozdag Mountain 750 ml

The Aegean soil gives a distinctive quality to the grapes used to make Kara Efe. Spirit made only with these grapes is triple distilled in pot stills with specially selected aniseed to bring out their unique flavor and rich aroma. Spring water from the Bozdag Mountain reveals the exceptionally smooth taste of this fine Raki, which is bottled at 47% alcohol.

Sari Zeybek 45% Double distilled with 100% grape alcohol then distilled twice in pot stills with anise seeds and matured in oak barrels. San Francisco World Spirits Competition 2012 Double Gold Winner 750 ml

Sari Zeybek is made with grape alcohol triple distilled in pot stills, which is then distilled twice with aniseed. These anise seeds that give Sari Zeybek its superior smoothness are harvested from a specific region called Tefenni located in the Aegean Region of Turkey. Sari Zeybek is matured in oak barrels, where it takes on its unique color and aroma. You may enjoy Sari Zeybek by sipping it straight up when it is ice cold or by adding water and ice.

SMYRNA RAKI

Classic Raki 43% 1 L

Attaining a unique formula by modernizing the consistency of traditional Turkish raki, filtered 3 times during production. Smyrna Classic, acquires its unique flavor from the purification of subterranean mineral water found at the production facility.

Fresh Grape Raki 43% 1 L

Produced from fresh grapes grown in the legendary lands of the Aegean with their distinct aroma, distilled with anise seed from Çeşme's in copper alembics, filtered 5 times. Smyrna Fresh Grape, acquiring its unique flavor from the purification of subterranean mineral water found at the production facility.

Gold Raki 45% 1 L

Fresh grapes suma (first distillate) with its distinct aroma from unique grapes grown in the most fertile land in the Aegean is distilled with anise seed from Çeşme's in copper alembic stills. Alcohol produced from skillfully distilling fresh grapes suma is filtered 6 times. Smyrna Gold Series acquires its unique flavor from the purification of subterranean mineral water found at the production facility.

Black Grape Raki 45% 1 L

Meticulously selected black grapes of the Aegean are pressed then fermented together with the inner seeds. The Black Grape Suma attained by distillation is distilled for a second time with anise seed from Çeşme's in copper alembic stills. Filtered 10 times, Smyrna Black Grape Special Series is flavored with delectable aromas derived from fresh black grapes. Smyrna Black Grape Special Series is produced in limited quantity.
